Office of the District Attorney

May 22, 1961  
Re: American Nazi Party

To: Mr. J. Edgar Hoover, Director, Federal Bureau of Investigation  
From: Mr. J. Edgar Hoover, Director, Federal Bureau of Investigation  
Subject: American Nazi Party, letter to the effect of May 22, 1961, and  
the letter to the effect of May 22, 1961, from the  
American Nazi Party, dated May 22, 1961.

On Saturday, May 20, 1961, this Department received a telegram from  
a person who signed his name as George Lincoln Rockwell, Commander  
of the American Nazi Party, Arlington, Virginia, and stated via  
telegram to this office for the purpose of licensing the  
members of the National Association for the Advancement of  
Colored People (NAACP) and the United States "Ladies."

Prior to the receipt of this telegram, letters had been received from  
Mr. J. Edgar Hoover, the Director of the Federal Bureau of Investigation,  
dated May 19, 1961, in which the letters bore a small white sticker on the top  
of the sheet which was marked with the words "RECEIVED" and a  
stamp in a white circle with the words "MAY 22 1961" printed  
in black. These letters have the return address of George Lincoln Rockwell,  
Arlington, Virginia, and the National Association for the Advancement of  
Colored People (NAACP) and the United States "Ladies." It was observed that each letter bore the return address of the  
National Association for the Advancement of Colored People (NAACP). Several  
copies of these letters were received and were examined. Several  
of these letters said, "RECEIVED" and specifically all of the  
letters said, "RECEIVED" and specifically all of the letters said, "RECEIVED".  
The last letter received was on Monday, May 22, 1961, and read  
as follows: "JOE LINCOLN ROCKWELL - Commander of the American Nazi Party,  
1961, Reil Hitler." All of these letters were signed by the group  
leader, Greater New Orleans Group American Nazi Party, (address to  
the American Nazi Party, 533 Perdido Street, New Orleans, La.,  
or c/o Civic Theatre, 533 Perdido Street).

On Monday, May 22, 1961, a news article appeared in the New Orleans  
Orleans-Belt newspaper, which stated that the commander of the American Nazi  
Party in New Orleans, via several titles in the South. It was noted  
in the last paragraph that George Lincoln Rockwell, Commander of the  
American Nazi Party, was quoted by a United Press International Re-  
porter that: "JOE LINCOLN ROCKWELL is a Nazi who has been known to the  
of the FBI." (United Press International News Reporter--5577).

Having had some information concerning the American Nazi party and its operations, the Department of Police proceeded to execute elaborate plans as a precautionary measure to prevent any serious trouble in the city. In an effort to prevent any possible riot, instructions were issued to all district commanders to direct their subordinates to make frequent visits to the area of all Jewish institutions in the City of New Orleans, for the headquarters of the group, knowing that the American Nazi Party is anti-Jewish, anti-Semite, and protested the showing of the film Brodus. The Department of Police was also cognizant of the presence of over two-hundred Jewish refugees in our Jewish settlement of approximately ten thousand. The Department therefore realized the incidents which were being brought together and could ultimately result in a full-scale riot.

George Lincoln Rockwell accompanied by Ray James, both of the American Nazi Party, arrived at the Robert International Airport at 1:00 P.M. on the 27th March of Tuesday, May 27, 1963. A surveillance was immediately established on these persons in an effort to prevent any problems which may occur because of their presence in the city, and the increased tension created by the advanced publicity of the News-papers in the latter which has been received by our local citizens. In order to protect the amount of Jews in New Orleans - Dr. Louis Rudolph, 1827 Gov. Nichols St. 7.

That same night at approximately 10:00 PM, police officers of this Department met several units of the Louisiana State Police at the junction of several highways in Lake Charles. These police units had been informed and were seeking a yellow Buick Wildcat which had been described as "John Doe RICHMOND'S BORN BUS." It was noted that a Buick was observed driving westward on Highway 70 and halted on the bus. The Buick was white with black trim and painted on the bus "JOHN DOE RICHMOND'S BORN BUS." The Buick driver was SAO MINKINS. The Buick was stopped by two officers, SAOs HARRIS and Ralph Kasper. The Buick was searched by officers of this Division and at the time it was intercepted at the junction. The occupants of the Bus departed for their rooms at the Indian Lane Restaurant & Trailer Court on the East Central Highway. At approximately 10:00 PM, Captain J. W. Harrison, SA, advised the driver of the Bus who furnished his name as John Foster and advised him that if he intended to remain in the City of New Orleans with the Bus, he must either appear on the television on the Bus or receive it from said before proceeding into the city. John Foster was quoted from News Statutes of Louisiana, Article 98, Paragraph 1. After a discussion Foster agreed to receive what signs he could from the Bus and cover the punishment area which

This group had drawn the attention and concern of every law enforcement agency along their route from Arlington, Virginia, to and including the City of New Orleans.

The group in the bus was joined by another group in a Chevrolet mobile and finally sent to the city and met with their commander, George Lincoln Rockwell, in Room 1304, New Orleans Hotel, 157 Canal Street.

It is the policy of the Department of Police to furnish persons to places and place in the City of New Orleans as long as there are no

Investigation of the  
incident involving the  
latter in the arrest of

at New York.

Incidents created by these groups and they are not in violation of,  
or do not constitute a violation of, any laws or statutes.

At approximately 1:00 PM, that same afternoon, Wednesday, May 22,  
Det. Sergeant William J. Ballot of the Detective Bureau, who was on  
duty at the New York City Police Station, which was at the corner of the East  
125th Street and the East 126th Street, advised of a conversation with  
a person in a dark coat who had been seen at a station near the  
East 125th Street and the East 126th Street. Ballot reported that  
he had been told that the person was a member of a group and that  
he had been seen at a station near the East 125th Street and the East  
126th Street. Ballot, Detective Bureau.

Along with other officers the undersigned, Captain F. J. Trovati,  
was detailed to the vicinity of the New York Theatre, 133  
East 125th Street, as a precautionary measure in the event any problems  
were created by the presence of the group picketing the theatre.

There was a heavy downpour of rain from approximately 7:00 PM until  
about 7:45 PM, which rain caused the street to be flooded and the water  
to run up on the sidewalk. Persons were being brought to the  
theatre in taxi cabs and private vehicles, and alighting from their  
vehicles on the passenger side directly in front of the main en-  
trance to the theatre. Traffic was not too heavy and appeared to be  
moving normally. A small group of persons was observed standing  
near the corner of Rogers Street, on the river side of the 50th Street  
of Rogers Street, in front of the entrance to the Southern Bell  
Theatre Company. Some persons had entered the theatre to view the  
film "Exodus" which was scheduled to start at 8:00 PM. Others were  
standing around in the passage way which approaches the theatre.

At approximately 7:45 PM, a green Chevrolet pulled in front of the  
theatre with several white males wearing swastikas on their left arm.  
Two of these persons George Lincoln Rockwell and Roy James Altman  
were in the vehicle carrying signs. Rockwell's sign contained the follow-  
ing words, "AMERICAN LUTHER CONGREGATION AND SONS." Rockwell carried another  
sign which was printed on one side, "S. L. S. .... Written by a Com-  
munist Jew" then on the other side, "LUTHER FOR WHITES - A LUTHERAN  
CONGREGATION - DON'T JOIN FOR TRAITORS." These two men began to walk  
in a picket fashion in front of the theatre.

There was a slight crystalline rain at the time and as the persons  
started to picket it was observed by the officers on duty that the  
persons on the opposite side of the street were increasing in number,  
and that the crowd in the passage way approaching the theatre began  
to swell and overflow onto the sidewalk. The officers were concerned

Shortly after these persons had been conveyed to the district station, the witness, as described in the initial report under the same case number, arrived in the bus under case in front of the Civic Theatre. The following four persons were taken out, custody from this vehicle: James Taylor, age 20; Ralph Lee Anderson, age 33; Seth Larid Ryan, age 20, and Andrew William Campbell, age 20. They also reside at the same residence address in Arlington, Virginia. Details of the circumstances surrounding their arrest is explained in the initial report under case number of April 24, 1961, which has previously been submitted to the Central Records Division and the Office of the National District Attorney.

Attached hereto as exhibits in the case, find copies of letters which were sent to the Mayor of the District of Columbia, Mr. John Doolittle, a copy of an article from the New York Times of the 11th November, dated January 10, 1917, a list of civil servants who were submitted to the Attorney General's Office of the Criminal Justice Committee, photographs of the Volkshaus Club, photographs of members of the American Nazi Party in uniform, and photographs of the people on the opposite side of Baroque Street, immediately after Roosevelt and his followers were taken into custody.

Vehicular and pedestrian traffic was unusually heavy in the 500 block of Monroe Street, during the time of this incident notwithstanding the fact that immediately prior to the arrests there was an unusually heavy downpour of wind-driven rain; this was a Wednesday night, at 7:45 PM, and none of the business establishments in the area, including the theatre, appeared to be open for business at that time. (PHOTOGRAPHS of vehicles and pedestrians, etc., Officer Bernard Fruchtknecht).

The following is some of the information which was learned from the interviews with the persons arrested. Five of them live in New Orleans, none of them attend school locally. Two of them have any relatives in New Orleans; and three of them work in New Orleans.

A copy of this supplementary report is being submitted to the Honorable Richard A. Roemer, District Attorney.

Respectfully Submitted,

District Attorney James Garrison,  
Office of the District Attorney,

Dear Sir:

Upon reading what you have to say concerning Right Wing elements active in the Kennedy assassination conspiracy, I decided I may have some pieces of information you may find curiously interesting. I do not know how valuable they will be to you but, then again, I am not conducting the investigation.

From July, 1967, to December, 1967, I was a probationary member of the National Socialist White Peoples' Party, or, the American Nazi Party. I have been to the National Headquarters at Arlington, Va., and to headquarters of the Western Division in El Monte, California. I am familiar with Party publications and personnel. I have a good, if not excellent, understanding of Nazi Party thinking and policies, besides a well established personal mental "file" of individuals active in the NSWPP and their thoughts.

Here, then, are some facts and ideas I have come across since my break with Right Wing groups last December, which to me are extremely interesting and perhaps questionable. 1) A photograph secretly taken on or about Oct. 3, 1967, at Arlington, Virginia, of an automobile which fits a description given by a witness of an auto she saw leaving the assassination scene in Dallas. (owner unknown, although it may belong to a G/L Redfield.) 2) The assassinated leader of the NSWPP, G.L. Rockwell, was killed with a pistol of the same type suspected to have been used by an unknown assassin to fire the fatal shot into the right side of the President's head. (Used to kill Rockwell by a John Patler, I heard at Arlington that the Mauser Machine pistol (about a 7 mm Cal) was stolen from a Party Officer, Capt. Robert Lloyd. 3) In about the latter part of 1963, Capt. Lloyd suddenly faded from the Party scene, along with several other members of the Party hierarchy, and was no longer mentioned in Nazi publications. In October, 1967, I heard an Arlington Staff member talking to Capt. Lloyd on the Party telephone. 4) Capt. Lloyd was extremely clever and quite interested in security and secret "activities"; he is noted for appearing, un-challenged, upon the floor of the Senate wearing a stove-pipe hat and black face! How he managed to slip past Senate guards dressed like that has remained a secret. 5) The Dallas NSWPP leader uses an assumed name in all communications with Arlington via public means.

I do not know of what good this information will be to you, but I am willing to answer any questions you may have concerning Party personnel and activities at any time.

Sincerely,

*William Whitmeyer*

## Attention to US - THE NAZI MYTH

"...everywhere he goes, and whatever he does, Rockwell generates hostility and bad publicity for himself - denunciations from the pulpit, from the press, radio and TV, and from numerous organizations and prominent individuals.

"I only wish that the same were true of the Communist Party leaders who, for many reasons, pose a very real threat to this country."

Thus spoke Congressman John Ashbrook on the floor of Congress on February 9, 1967, quoting from a report on the American Nazi Party and its "fuhrer," George Lincoln Rockwell. The myth of Nazi power and the danger of a Nazi take-over in this country and all over the world is being kept alive by a vast number of old and new movies, television programs and writings. No such energy has been expended on the real threat to this country and the world, the International Communist Conspiracy, by the controlled Hollywood film industry, the TV networks, the news media and book publishers. The truth is that the Nazis have never been a threat to this country and Hitler's followers have all but disappeared from the world scene with the exception of a large group which joined the ranks of the Communists openly. There are many former high-ranking Nazis holding office in the Communist countries.

The American Nazi Party was formed some seven years ago by George Lincoln Rockwell, a former U.S. Naval Officer, who gathered together a group of followers described by the House Committee on Un-American Activities as anything but an impressive lot. Their investigation revealed that among Rockwell's followers are individuals who have dishonorable discharges from the U.S. Armed Forces, former inmates of mental hospitals, homosexuals, and criminals.

For several years the American Nazi Party has operated from an old mansion at 928 North Randolph Street, Arlington, Virginia, from which address was issued the ROCKWELL REPORT, its official publication. In his issue of January 1964, Rockwell states he is not a Christian, that he is an agnostic. In his issue of Oct.-Nov. 1965 he characterizes life at his "HQ" as "miserable," with fifteen people living there, sleeping all over the floors, in cars, etc. This type of life seems to appeal to assorted odd-balls.

Some light was thrown on the American Nazi

Party when a man named Daniel J. Burros committed suicide late in 1965, after having been exposed as being Jewish and an official of the Ku Klux Klan. It turned out that Burros had also been affiliated with Rockwell's group earlier. Since the news was out Rockwell had to cope with it. He tells us about it in his Oct.-Nov. 1965 ROCKWELL REPORT.

Under the title of "The Burros Business," he writes:

"The last three days since Dan Burros shot himself have been pretty wild here. The calls and interviews from Life, Newsweek, the Networks and all the papers, it seems, in the world, have kept our phones ringing night and day, -until I called a press conference to deal with the situation in an orderly and efficient manner....

"Just to present the facts to OUR people, I will therefore print a resume of the whole Burros affair.

"Burros appeared here one day in early 1960 on a visit from New York City. He was an avid collector of German and Nazi 'souvenirs'...Burros was hypnotized by the sight of LIVE Nazis - in UNIFORMS, --he just HAD to be one, too."

After Burros joined up and moved into "miserable" headquarters, Rockwell and his "Nazis" got to know him better. Rockwell writes: "We learned that he had been sent to the Army headshrinker for sadistic tendencies and Nazi leanings...he had strangled the mascot of the 101st Airborne Division....bare-handedly throttling the young eagle...

"He would spend hours gleefully describing the various tortures he had invented for the Jews (Burros claimed to be German but was himself a Jew)... He also collected all kind of pornography..."

"In spite of these aberrations, he was really a brilliant young man, and hugely dedicated to the Cause, there was no doubt of that then, and no doubt of it now...."

"He considered himself a master-spy type, and kept demanding to be invested with the powers of our official 'SS POLICE SPY' and Gestapo boss (which melodramatics I don't permit around here).

"Dissatisfied at the lack of musical-comedy-type 'Nazism' here, at the diet of chicken-backs and beans... he began to plot with another man to desert and start their own 'Nazi' Party. He stole his own and another sworn application...crawled out of a second-story window one night, and slipped up to New York City...."

"In New York, Burros published a magazine called 'KILL!' Full of blood and terror and demands for 'mountains of corpses,' etc. - and also full of denunciations of me and the American Nazi Party...."

"He had meanwhile gotten involved with James Madole and the National Renaissance Party in New York, and got caught with a copy of 'Eros' filthy magazine, and a charge of riot, arms, etc. which sent him off to Sing Sing for a while. I felt sorry for him, and after getting a new application, gave him a Party card back as a sort of gesture, although we wanted no part of Burros here."

"No sooner had I done this, than Frederick Charles Weiss, whom I believe to be working with the ADL, began to finance Burros in the publication of 'The Free American,' which purported to be an unofficial organ of the Nazi Party...."

"At the time of his death, Burros was still publishing his 'Free American,' all covered with swastikas and adulation of the Germans, etc., was a member of the American Nazi Party, Madole's group (I believe), and also acting as the Kleagle or Dragon of the Klan in New York." We must admit Burros was a very busy man.

The Madole, to whom Rockwell refers, is James H. Madole, age 38, head of the National Renaissance Party, described as a Neo-Nazi group. By some strange coincidence, another man, also Jewish and also named Burros, but allegedly no relation to the other Burros, became National Secretary of the National Renaissance Party, a violently anti-Jewish organization which distributes anti-Semitic literature.

In November of 1965 the Middletown, N.Y. TIMES HERALD RECORD revealed the Jewish background of Robert J. Burros, after which the National Renaissance Party held a meeting and stripped him of his title of National Secretary but continued him as a member. The NEW YORK TIMES of November 5, 1965 quoted James Madole, head of the National Renaissance Party, as stating in an interview that he "regretted" that Robert Burros had concealed his Jewish background, but that "as far as I'm concerned, Burros is A-1." The TIMES article stated: "Madole, who has been active in neo-Nazi activities since the late nineteen-forties, said there were other members of his party with backgrounds similar to Robert Burros."

An exposure of the operations of those who promote "anti-Semitism" in order to keep the funds coming into the Anti-Defamation League of B'nai B'rith and put fear into the hearts of the Jews of the world, is detailed in a publication entitled, "The Bigots Behind the Swastika Spree" by Joseph P. Kamp. (This booklet may be obtained from "Headlines," Box 333, Westport, Conn., price forty cents) Mr. Kamp, who has been fighting the International Communist Conspiracy since 1919, is one of the best-informed anti-communists in America and has suffered from the resulting ADL smears.

On Page 22 of Mr. Kamp's booklet, we read:  
"The ADL is controlled and directed by pro-Com-

munist, professional hate-mongers, and fanatic bigots, who victimize Jew and Gentile alike. It persecutes pro-Americans. Its principal targets are anti-Communists. Its weapons are intimidation, blackmail, boycott and the smear terror.

"For these purposes it maintains a vicious spy network, a Nazi-like Gestapo, an underground secret police that has agents in 2,200 American communities. It also employs thieves to loot files in business offices and private homes....."

"The Anti-Defamation League of B'nai B'rith is supposed to promote tolerance and good will, and counteract anti-Semitism. Instead, it breeds intolerance, promotes hate, fosters racial and religious prejudice, and deliberately fans the flames of anti-Semitism ..... to collect more millions to perpetuate its filthy hate racket."

Giving names and events to back up his charges against the ADL, Mr. Kamp states on Page 32 of his booklet:

"Another ADL payroller, who from time to time made violent anti-Semitic speeches under National Renaissance Party auspices, was Richard Hamel, an ex-convict. Charley Smith, nee Smetona, an old-time spy for the ADL network, dropped around to give Madole some helpful hints and to contribute a little cash. And, on occasion, ADL spy-master Sandy Griffith, using the alias Al Scheffer, showed up at strategy meetings to make a few suggestions. Behind the scenes, 'Al Scheffer' was meeting regularly with Frederick Charles Weiss, who was also giving Madole advice and money. Weiss knew that 'Scheffer' was an ADL spy chief. They discussed what the National Renaissance Party should do next 'to get national publicity.' To win the confidence of Weiss, 'Scheffer' offered cooperation through ADL facilities and contacts with newspapers. On the promise of providing 'good' publicity in the Jewish press, Weiss turned over to 'Scheffer' his personal correspondence with nationalists and anti-Communists throughout the country....and in Europe and South America." Weiss must have been quite a "letter-writer."

"If it seems odd that the National Renaissance Party which distributes hate-filled anti-Semitic literature was getting advice from agents of the ADL, an organization supposedly dedicated to combatting anti-Semitism, we hasten to inform our readers that it is not odd at all. In fact, it is the modus operandi of the agent-provocateur. The exposure of the fact that the two Burros characters were Jewish bothered the head of neither 'anti-Semitic' organization with which they were associated. George Lincoln Rockwell found his Burros 'hugely dedicated to the Cause' even after the exposure, and James Madole found his Burros 'A-1.' These two really extremist groups receive much publicity and are grouped as 'right wing' with lists of sincere anti-communist organizations."

Rockwell's contempt for conservative anti-communists is shown in a cartoon, entitled "Commander Rockwell shows the way." A vicious-looking

colored man is sitting on a prostrate white man beating him with a blackjack. Standing smugly by are several figures; one labelled "Birchers" is sipping coffee (tea, cocoa?), smoking a cigar, wearing a top hat with a big dollar sign on it, and the balloon over it states "Write your Congressman;" another with the face of a pig is piously on its knees and has its dollar sign on its black coat. Need we tell you that it is labelled "Hoggis" and that its balloon says "Pray and send me money?" The heroic figure with the Nazi armband points at the white-black struggle and its extra large balloon says: "WHITE MAN...FIGHT!" Other lesser figures in the cartoon say "Wave the Confederate flag" and "Burn a cross." This cartoon appeared in *The ROCKWELL REPORT* of Oct.-Nov. 1965.

As of December 1965 the American Nazi Party was not doing too well financially and the Washington, D.C., *EVENING STAR* of December 3, 1965 reported that their headquarters in Arlington had been padlocked that day by Internal Revenue Service agents to enforce a claim for back taxes. The article stated: "The IRS described the raid as an 'enforced collection' of alleged unpaid withholding taxes, unemployment taxes and corporate income taxes for 1962 through the first three months of 1965....."

"We told them we couldn't pay it. We just don't have the money," Rockwell said....

"The self-styled Nazi said his entire operation 'subsists on contributions' and sales of pamphlets, insignia, armbands and swastika flags.

"Rockwell's group maintains another installation - his residence and the 'barracks' - at 6150 Wilson Boulevard, where he and several of the party members live.

"Arlington Deputy Treasurer B.L. Fletcher told a reporter that Rockwell also had been delinquent on local personal property taxes for the years 1960-63...

"The only way we can collect is to try to find some assets of his, but so far we haven't found any," Fletcher said.

"The IRS raid was directed only at property 'belonging to the corporation - not personal belongings,' according to an agency spokesman.

"The corporation is called G.L. Rockwell Party, Inc. Rockwell said that the Virginia legislature had prohibited him from chartering his group with the word 'Nazi' in the name."

While any tax-payer may find himself in difficulties with the voracious Internal Revenue Service and we don't endorse these collection methods, we have included this information to point out the sorry state of the finances of the American Nazi Party. However, this indigent organization with a handful of members gets national publicity with every move it makes and it is tied in with legitimate "right-wing" groups.

Nazism, however, either here in the United States in the form of G.L. Rockwell's strange group or in Germany under Hitler, is not a "right-wing" movement. In an article in the *BIRMINGHAM INDE-*

PENDENT of August 31, September 7, 1966, we read the following, under the headline: "NAZIS WORKING WITH KING, COMMUNISTS, IN CHICAGO:

"The American people have been conditioned by Communists, using Pavlovian brainwashing techniques, to believe that Nazis and Communists are 'political opposites.' Nothing could be further from the truth. Communists and Nazis are neither 'political' nor 'opposite.' They are simply branches of the criminal conspiracy (International Communist Conspiracy) dedicated to enslaving the entire world.

"The basic building block of Communism is something called the 'science of Dialectic Materialism.' All Communists have been schooled in the science of dialectics. Dialectics consists of an onrushing 'thesis,' which is opposed by an immovable 'anti-thesis,' there is a clash, and from out of the 'clash' comes a 'synthesis.' "...

"Dialectics as used in the civil rights movement, consists of simply: (1) The Thesis, or an action. In this case, 'non-violent' demonstrations. (2) The Antithesis, or a reaction. This, of course, consists of reactions of the rock-throwing, swastika-carrying 'Nazis and racists.' (3) The Synthesis. Out of the 'conflict,' 'division,' and 'chaos' produced by the 'antithesis' or 'clash' (the reaction of the Nazis) comes the desired result - more unconstitutional legislation, increased hatred between the two races... and a general disrespect for law and order.

"Isn't it interesting that no matter where Martin King is demonstrating the same members of the American Nazi Party keep turning up?"

The Congressional Record of February 9, 1967 contains a detailed report on the subject of the American Nazi Party made by Rep. Edwin Willis to the House Un-American Activities Committee and inserted into the Congressional Record by Rep. John Ashbrook. Mr. Ashbrook stated that the report was based on an extensive study of the organization and that the committee staff had been collecting information on the American Nazi Party since it was formed some seven years ago. He stated also:

"It is interesting to note that the committee finds that the Rockwell Nazis have probably less than 50 active members, and it is doubtful that the group has numbered more than 100 members nationally at any time in the past. Financially unstable, this subversive group is anything but impressive with a significant percentage of the so-called 'troopers' having either criminal records or dishonorable discharges from the armed services.... it is the considered opinion of the chairman (of the House Committee on Un-American Activities), Mr. Willis, that this small subversive group creates no more than occasional problems which local police can adequately handle."

The report placed into the record states:

"The American Nazi Party, as its name indicates, has openly advocated a form of government for the United States that is both alien and hostile to that provided by the Constitution. It has categorized itself as a subversive organization not only by its

name, but by open profession of Nazi aims...

"While George Lincoln Rockwell has made some trips abroad and has sympathetic and ideological ties with some relatively small Nazi movements in other countries, neither he nor his party serve as agents of any foreign Nazi government as such. In addition, Nazism is largely discredited as a political ideology in all parts of the world and there are no indications that there will be any change in this situation in the near future....

"At the present time the Nazi Party probably has less than fifty active members. It is doubtful that it has ever at any one time had as many as 100 active members nationally."

"For this reason, even though their aims and doctrines are totalitarian, reprehensible and un-American, it is clear that Rockwell and his handful of followers are of little significance to the security of the United States... It is my view that we, as a Committee of the Congress, would be dignifying Rockwell far beyond his importance if we were to hold hearings on his group.

"Rockwell, of course, wants us to investigate his organization. He has written letters to me asking that we do so. He wants to see front-page headlines about his organization. He would like to see his picture featured on nationwide TV newscasts and spread over the pages of newspapers in all parts of the country..."

"Rockwell himself has apparently come to realize that Nazism is not a salable product in this country. He recently announced that, in the hope of creating a better image, he was changing the name of his organization from 'American Nazi Party' to 'National Socialist White People's Party.' He also indicated that the Party's rallying cry would be changed from Hitler's 'Seig Heil' to 'White Power.' I doubt that he will gain much by this. To informed Americans, 'National Socialism' spells Hitlerism just as much as the term 'Nazism' does. I doubt, too, that Americans will be taken in by the call of 'White Power,' as Rockwell defines it, any more than they were taken in by Hitler's traditional rallying cry."

We agree with Chairman Willis but we do not think this is the point. Americans will not be fooled into joining Rockwell, but they are fooled by the left-wing press into equating him with legitimate conservative activities and organizations and persons. Rockwell and his 'troopers' are never put in their proper place in the political spectrum (which is the extreme left) by the news media and the same is true of Hitler and his Nazis. The public is therefore led to believe that "fascists" and Nazis, who ARE alike, are on the far right instead of the far left. The terms "fascist" and "Nazi" are used as epithets by the Communists to describe anti-communists but they are not accurate descriptions of the anti-communist, conservative political orientation.

Another purpose served by the likes of Rockwell is that of a catalytic agent, sparking a violent reaction against the multitude of demonstrating peaceniks and civil rights agitators

However, the most important result of Rockwell and his phony Nazis, we feel, is to give credence to the constant warnings of the "RISE OF NEO-NAZISM" and the constant harping on the evils thereof. The Communists are always anxious to keep the Nazi myth alive. In a recent "Statement by Soviet Government," dated January 30, 1967, issued by the Embassy of the Union of Soviet Socialist Republics, Information Department, we read:

"The attention of the peoples and governments of European countries, and not only European, is again attracted to the activities of the forces of nazism and militarism in the Federal Republic of Germany. All this shows that though more than two decades have passed since the adoption of the historic Potsdam decisions, the criminal past of Hitlerism has not by far been done away with in the FRG, that the Nazi spirit has not died there, that it lives on....

"The revival of nazism in the FRG is a manifestation of a fatal malady which undermined and destroyed the foundation of the Weimar Republic, and brought into being the Hitler regime with its monstrous crimes against peace and humanity....

"The attempts to belittle the danger of the growing activity of the neo-Nazi forces in the FRG in many ways resemble the soothing statements made in the past....

"German nazism played a leading part in preparing and unleashing World War Two which did not stop at European borders but brought devastation to and claimed numerous sacrifices also from peoples in other regions of the world. This is why the Soviet Government considers it its duty today to appeal to the governments, parliaments and peoples in Europe and in all other continents, urging them to be vigilant in the face of facts showing the increased activity of the militarist."

A thorough investigation by the House Un-American Activities Committee has shown the American Nazi Party constitutes no threat. Who has an interest in trying to make us believe they do?

# I am an American Nazi

For most of my life, I thought Nazis were criminals and murderers, like a lot of people still do. Then I found out Nazis are people who believe in RACE, - like most Americans, PATRIOTISM - like most Americans, ANTI-COMMUNISM like most Americans, and Christian Civilization, - like most Americans do. I learned that there is only ONE GROUP IN AMERICA which is willing to stand up and FIGHT FOR THESE THINGS, and I want other people to know we are not gangsters or "hate-mongers", just AMERICANS who want to save our WHITE RACE and our REPUBLIC from a gang of rotten Communists and race-mixers.

This is the Symbol of  
OUR FAITH

This is the Symbol of  
OUR COUNTRY

This is the Symbol of  
OUR RACE

The American Nazi  
Party is

## FOR

- The WHITE Family of People
- Western Christian Culture
- The American Constitutional REPUBLIC.
- Private Property and Free Enterprise with SOCIAL JUSTICE for all!

To Achieve These  
Goals We Fight

## AGAINST

- RACE-MIXING
- TREASON; Communist and Zionist.
- DEGENERACY; Moral and Physical.
- EXPLOITATION of the Workers.

## WHY THE SWASTIKA?

For six years I worked as a "conservative" to save our Republic and our White Race from the Communists, who openly plan to smash these precious things. Then I discovered that millions of Americans ALREADY know all about what is going on. But they are AFRAID to admit they know what is going on and WHO is doing it! The enemies of America have made it dangerous and expensive to be a strong anti-Communist. And they have made it IMPOSSIBLE to say one word about the racial Jews who are PUSHING communism and race-mixing. If you dare to tell the truth or even ASK about it, you lose your job and face ostracism even by your fellow anti-Communists who don't want to lose THEIR jobs, which they will unless they curse you and drive you out, -to appease the Jews.

From experience in combat in World War II and Korea I know that men cannot be induced to fight a dangerous fight by leaders who stay only in the rear. People follow and FIGHT for a leader who gets out in FRONT and leads a dangerous ATTACK!

I learned that many of our people are sound ASLEEP and need to be SHOCKED awake. They simply pay no attention to "conservative" facts and arguments. They are too busy with their TV, sports cars, money and luxury.

In addition, the enemy controls the TV, papers, movies etc., and sees to it that "conservatives", "state's righters", and other "nice" fighters never reach the people with their facts and arguments.

At one bold stroke, the Swastika completely SMASHES all these obstacles to the victory of White Christian Americans!

The Swastika is SO anti-Jewish that our survival and success with it emboldens scared millions of Americans to come out from under the bed just a little, and eventually they will get brave enough to tell the WHOLE TRUTH ABOUT THE JEWS!

Our iron NERVE in DARING to face the Jews with the Swastika brings us hundreds of brave and fanatic YOUNG MEN instead of the eternal OLD FOLK in the other right-wing groups. The Swastika is the ideal symbol to lead YOUNG men into COMBAT for their White Race and Republic!

The Swastika SHOCKS Americans to ATTENTION to what we are saying and doing as nothing else will. Every day I am speaking to more mobs of mis-led kids in

colleges and universities across America, ONLY because we are INTERESTING and SHOCKING. They come to see the fight or to see me killed. And they stay to LISTEN and LEARN! --IT WORKS!!

The "managers" of our news and press can hide "conservatives" and "states righters" with their private meetings from the people.

BUT THEY CAN'T HIDE FIGHTING NAZIS MARCHING AND SPEAKING IN THE STREETS UNDER THE SWASTIKA BANNER OF THE WHITE RACE!

Without any real money or help, we have bashed our way from obscurity to international strength only because we have dared to defy the Jew Communists and race mixers with what they hate most--the SWASTIKA!

There is nothing like DEMONSTRATION to convince people. They won't believe you when you TELL them about the Jews and their Communist race-mixing. But when they see, with their own eyes, how these supposed lovers of free speech, civil liberties and "brotherhood" try to murder and imprison NAZIS while they spend millions and fight hard for the "civil rights" of nigger Communists--you don't have to tell them what's going on. They see it!

Finally, as a matter of actual fact, the swastika has been for thousands of years, the very symbol of the White Race, just as the Star of David is the symbol of the Jew race. Do you think for a moment the Jews would permit us to get them hating and cursing the Star of David because we told a whole lot of lies about them? Never! The cross is the symbol of the faith of our civilization. The Star Spangled Banner is the symbol of our great American Republic! --But, without the swastika, we would have no symbol for our RACE!!

The cross of Christ was once the most hated and dangerous symbol in the world, but the early Christians did not run away from it. They stood and died for it when necessary. It is about time for the White Man to recognize that the swastika is the symbol of our sacred White RACE and to quit letting the Jews terrorize him into cursing it. Under the holy symbols of our faith, our nation and our race, the American Nazi Party will lead our people to complete and smashing victory over the Communists and race-mixers!

NATIONAL SOCIALISM IS THE DIRECT OPPOSITE OF COMMUNISM

# THE DIFFERENCE BETWEEN

## NATIONAL SOCIALISM

(AMERICAN NAZI PARTY)

## AND

## COMMUNISM

(MARXIST SOCIALISM)

National Socialism is primarily the belief in RACE! National Socialists (Nazis) believe that the various races of the earth differ in intelligence and ability to create and invent.

American Nazis believe that White people are the most gifted people and therefore the most superior Race on earth. Civilization, society, economy, etc., succeed or fail according to RACE! American Nazis advocate America for Whites! Africa for Blacks!

### RACE

Communism DOES NOT recognize Race. Communists (Marxist Socialists) believe in the myth that all Races on earth are the same and are equal.

Communists believe in integration and they push race-mixing.

Communism is rapidly winning the active support of the non-whites of the earth who outnumber White People by seven to one!

National Socialists believe in the right of private property. American Nazis strongly believe that every man should have the right to own property.

### PRIVATE PROPERTY

Communism DOES NOT believe in private property. Communists believe that the State (Government) should own everything, including ALL property.

American Nazis believe in FREE ENTERPRISE - the right to produce and earn all that a man is capable of. National Socialism believes in the right of an individual to own and operate a business.

### FREE ENTERPRISE

Communism is against Free Enterprise. Communists believe the state should own and control ALL means of production. Communism DOES NOT permit individual ownership of a business. Life under Communism can be compared to life in an ant-hill or bee-hive.

The American Nazi Party believes in the U.S. Constitution. Nazis seek office through the vote. American Nazis DO NOT believe in dictatorship. Nazis are not subversive because we do not advocate the violent overthrow of the government. All American Nazis are U.S. Citizens.

### LAW & ORDER

Communism seeks to overthrow the U.S. system of government. No Communist government was ever elected to power. All Communist systems have come to power by violent means of revolution and have all established dictatorships to maintain their system.

## THE KIND OF "SOCIALISM" U.S. NAZIS BELIEVE IN...

Listed above are the BASIC DIFFERENCES between National Socialism and Communism. There are many more differences. Many ill-informed people make the mistake of associating Nazis with Communists. This is a serious mistake, usually the result of not being well informed on the subjects.

Some people believe Nazis and Communists are the same because both use the word "socialist". The kind of "socialism" that the American Nazi Party believes in is very different than the kind of "socialism" that the Communists advocate. American Nazis believe in the kind of "socialism" that is necessary for the survival of society such as the Police Departments, Fire Dept., Army, Public Health Service, etc., which are indeed "SOCIALIST" establishments because they are

owned by all the people and are for the benefit of all the people and can never be owned or entrusted to any one individual.

Without the above types of "socialism", our nation and society as we know it, would cease to exist.

American Nazis also believe in the welfare of the people. We firmly believe that every productive working man and woman, and their children, should be protected from all economic catastrophes which they are unable to control or surmount through no fault of their own.

Any man or woman who has contributed to society through their labor or by other productive means, deserves to be cared for by that society in time of need and in old age when elderly people can no longer care for themselves.

Care of elderly citizens is a form of acknowledgement, or reward, for what an elderly person has contributed to society in their productive years.

The care of our White brothers and sisters in time of need is essential to the survival of our people and our society. White People belong to the same family.

Months after 'fuehrer's' murder

# American Nazi Party on its last legs

RED GRAHAM  
Times-Herald Staff Writer

ARLINGTON — The American Nazi Party, seven months after the murder of Adolf Hitler, has ceased to function as an organization. The movement was its founder to appeal fringe element that act but had complete publicly he craved him, it is called lack of any coherency or political base. In Arlington, Va., has died up. The stout deposit, emblazoned a swastika has been its side. And some called a Star of David driveway. men who make up units of Rockwell's headquarters, were crammed into a red house in an Ar-

gential area. enforcement sources is only one other Nazi chapter left

—in Dallas, Tex. The Nazis' only known remaining property, they say, is a printing shop in Spotsylvania, Va. A handful of men scattered across the country still call themselves Nazis and subscribe to the party's occasional publications, but officials here feel they are isolated and inactive.

## Year's playmate

HOLLYWOOD CITY — Actress Angela Dorian, a curvaceous 33-21-25 on a 5-foot-4 frame, yesterday was named Playmate of the Year. Announcement of the selection of Miss Dorian, the "Playmate of the Month" last September, was made at a luncheon hosted by the magazine at the Playboy Club here. Miss Dorian recently completed a film role in "Rosemary's Baby."

The fathead minnow has been known to spawn 12 times in 11 weeks.

The party membership was never large — Rockwell was said to have had only around 100 reliable followers — but federal sources now say there are 75 members at most. A police official in Arlington who watches the group closely says: "They would have trouble getting 25 guys together."

Nevertheless, many self-proclaimed Nazis are still capable of isolated acts of violence outside the party framework. Last month, for example, two members fought a gun battle on a lonely road in Maine. Neither was hurt, but their

party affiliation made the incident news.

In the crowded frame house in Arlington, Matthias Koehl (pronounced "Kale"), Rockwell's 33-year-old successor, holds forth as "commander" of the Nazi party.

Many observers blame Koehl's speaking style for much of the party's financial trouble and dwindling membership. He does not measure up to outside the party framework. Rockwell as a rabble-rouser, they say, and has not received the speaking invitations — and the occasional honorariums — that kept Rockwell going.

But police officials think a more fundamental reason for the organization's collapse after Rockwell's death is reflected in the motives for his murder, as they were revealed in the testimony at the subsequent trial.

A half-hour after Rockwell was gunned down in a shop-

ping center, the police arrested John Patler, a 29-year-old New Yorker, who had once been a captain in Rockwell's storm troopers.

At the trial late last year, it was shown that Rockwell had expelled Patler from the organization, partly as a result of a dispute over policy.

Patler became convinced that the Nazi movement could flourish if it abandoned its "siege hell" greeting and other Hitlerite trappings and concentrated instead on his slogan, "white power."

The organization did change its name from American Nazi Party to National Socialist White Peoples Party (the official name now) and named a

publication White Power. It officially eliminated the phrase "Heil Hitler" from all except formal occasions and changed the official greeting from "seig heil" to "white power."

But Rockwell delighted in striking fuhrer-like poses against a backdrop of uniformed storm troopers, and he refused to abandon the basic

Hitlerite image of the movement.

PATLER was found guilty of killing him and sentenced to 20 years in prison. He is free on bail, pending appeal.

Koehl always backed well in refusing to dilute German-Nazi image of party, and he has encouraged this policy as Rockwell
